[Summary]

In the month under review, net sales at existing stores (total) were 113.6% and those of all stores (total) were 109.8%, respectively, compared with the same month of the previous year.

Net sales at existing stores grew sharply during the month due to higher-than-normal temperatures during early to mid-April and an increased demand for outing toward the long holiday. In particular, spring and early summer items such as top & bottom sets and jackets enjoyed strong sales. In addition, Onward Personal Style further expanded sales of made-to-order suits under the KASHIYAMA brand, with a strong start of the KASHIYAMA Kichijoji store, which reopened after a floor expansion.

At Onward Kashiyama, the number of customers using Click & Try service continued to increase substantially in the month, compared with the same month of the previous year, which allows customers to have items from its official online store delivered to a physical store to be tried on before purchasing.
