(Note 3) The above figures do not reflect point discounts, etc., and therefore may not match those in other disclosure documents.

## [Summary]

In the month under review, net sales at existing stores (total) were 108.0% and those of all stores (total) were 109.2%, respectively, compared with the same month of the previous year.

As temperatures remained higher than normal throughout the month, sales of items in immediate demand (shirts, knitwear, dresses, etc.) using functional materials such as cool touch fabric and protecting skins from ultraviolet rays performed well. At the end of the month, however, the impact of a large typhoon caused a drop in sales, mainly at stores in western Japan area.

At Onward Personal Style, which offers the made-to-order brand KASHIYAMA, the effects of digital marketing continued, and sales increased significantly.
