[Summary]

In the month under review, net sales at existing stores (total) were 112.5% and those of all stores (total) were 110.0%, respectively, compared with the same month of the previous year.

Both store and e-commerce net sales expanded due to steady growth in the number of customers visiting physical and online stores, reflecting higher-than-normal temperatures nationwide and the continuous sharp increase in the number of customers using “Click & Try” OMO service, provided by Onward Kashiyama, compared to the same month of the previous year. By item, mid-summer clothing including tops made of functional materials such as protecting skins from ultraviolet rays and cool touch fabric performed well.

In addition, at Creative Yoko, new store sales continued to trend favorably to drive sales growth.
