[Summary]

In the month under review, net sales at existing stores (total) were 102.6% and those of all stores (total) were 99.5%, respectively, compared with the same month of the previous year.

While sales of fall items were slow due to the lingering summer heat, which was more intense than usual, sales of late summer items were strong, thanks partly to the expanded use of the "Click & Try" OMO service.

In addition, the cosmetics business of Chacott performed well owing to increased demand for base makeup.
